TAMIL NADU WATER SUPPLY AND DRAINAGE BOARD

ABSTRACT

TWAD BOARD - REVISING WATER TARIFF TO RAMAKRISHNA MISSION VIDYALAYA, PERIYANAICKANPALAYAM, IN COIMBATORE DISTRICT AND PROVIDING ADDITIONAL QUANTITY OF 50,000 LITRES OF WATER PER DAY FROM CWSS TO CLPRA WITH PILLUR RESERVOIR AS SOURCE IN COIMBATORE DISTRICT.

(OPERATION AND MAINTENANCE)

B.P.Ms.No. 66

Dated: 27.07.2018

Read :

Board's Resolution No.22 (Table Agenda) dated 26.06.2018.

ORDER:

Ramakrishna Mission Vidyalaya is situated in Periyanaickanpalayam, Coimbatore district. It is a major educational centre of the Ramakrishna Mission. There are many units are functioning in the Vidyalaya campus. The Secretary, Ramakrishna Mission Vidyalaya has been requested to supply 50000 litres of water per day. Based on their request, CE/Coimbatore has been sanctioned a water supply connection to supply 50000Litres of water per day under industrial allocation from Pillur CWSS at a rate of Rs.30/KL.

The Secretary, Ramakrishna Mission Vidyalaya, Periyanaickanpalayam is requested for revisions of water tariff as mentioned the reasons of the institutions are mainly serving to the disabled (physically challenged) and poor only. Based on their request SE, Coimbatore – Nilgris Circle, Coimbatore has inspected the institutions under Ramakrishna Mission Vidyalaya. Based on the inspection report, Chairman and Managing Director, TWAD Board has approved for revised water tariff from Rs.30 to Rs.10 per KL for the quantity of 20000 litres per day as orphanage and the balance quantity of water i.e above 20000 litres per day to be charged at the water tariff of Rs.30/KL as private institution classification as per B.P Ms. No.115 dated 20.12.2006.

BP Ms No. 88 dt.8.11.2017, TWAD Board have revised water tariff for all the beneficiaries under various classification. Accordingly, the beneficiary Ramakrishna Mission Vidyalaya, Periyanaickanpalayam have been informed to pay the revised water tariff at the rate of Rs.125/KL against the existing tariff paid at the rate of Rs.10 per KL for the quantity of 20000 litres per day and above 20000 litres per day is Rs.30/KL.

In this connection, the Secretary, Ramakrishna Mission Vidyalaya, Periyanaickanpalayam has given request to supply the water as on the old tariff without any change in rate. And also requested for supply additional quantity water of 50000 litre per day (existing and additional put in total of 100000 litres).

Accordingly, the Chief Engineer, Coimbatore, has submitted technical feasibility,

- M/s Ramakrishna Mission Vidyalaya, Coimbatore in their letter dated 18-6-18 represented to the Honorable Minister for Local administration for lowering the existing tariff considering their educational activities to poor and orphanage peoples and also requested for additional quantity 50000litres of water supply.
- The Chief Engineer, Coimbatore, has recommended that Rs 30/KL for consumption up to 20 KL/Day in the orphanage rate and Rs 125/KL for above 20KL/day in the private educational institution rate as per the B.P.Ms.No.88 dated 08.11.2017.
- It is technically feasible to provide 1,00,000 litres per day to M/s Ramakrishna Mission Vidyalaya from Feeder Main-I without any additional infrastructure.
- It is certified that the tail end original beneficiaries will not be affected due to providing these quantity to the beneficiary.
- The required additional quantity of 0.050 MLD is proposed to be drawn from the balance available industrial demand of 0.6175 MLD (Total Industrial demand 13.4180 MLD - Already utilized demand 12.8005 MLD).

Based on the request of the M/s Ramakrishna Mission Vidyalaya, Coimbatore and as recommended by the Chief Engineer, Coimbatore, the proposal for providing additional quantity of 50,000 litres of water per day under CWSS to CLPRA with Pillur Reservoir as Source in Coimbatore District at a revised tariff of Rs 30/KL for 20 KI/Day in the orphanage rate and Rs 125/KL for above 20KL/day in the Private

Educational institution rate is placed before the Board for according approval and to permit the Chief Engineer to take up this work as deposit work with the following conditions.

1. It should be ensured that no extra quantity of water over and above the allotted quantity is supplied/ drawn from the CWSS.
2. The beneficiary should utilize the entire allotted quantity of water. If the usage of water is less than the allotted quantity for a continuous period of 6 months then the allotment will be reduced to average of used quantity. Further, the beneficiary cannot claim the entire quantity originally allotted in future. If TWAD Board has failed to supply the allotted quantity due to various reasons, then DCB will be raised for the actual supplied quantity.
3. If the beneficiary draws water more than the allotted quantity, the tariff will be four times the existing water tariff for extra drawl quantity.
4. Digital Water meter with telemetry facility should be fixed. The demand should be raised as per water meter reading. If water meter is not working, it should be got repaired by the consumer immediately or else the water supply connection will be disconnected immediately.
5. As and when the water charges are revised, the consumer should pay revised water charges.
6. The field officers should get necessary concurrence from the beneficiary to deposit the caution deposit, advance water charges and the cost towards interconnection works. The beneficiary should remit the advance water charges, caution deposit and the cost towards inter connection works within three months of approval as per TWAD Board Rules in force. The interconnection work will be undertaken only after deposit of the full amount to Board.
7. If the beneficiary fails to pay the advance water charges, caution deposit and the cost towards inter connection works within 3 months, a grace period of 30 days will permitted to pay the said amount to TWAD Board, failing which the sanction of allotment order stands cancelled. Further, the beneficiary cannot claim/apply for water supply connection to the TWAD Board.
8. In any case, if the water supply connection could not be implemented for the reasons beyond the control of TWAD Board, TWAD Board will not be responsible for any loss to the beneficiary/consumer.

9. If there is any increase in the infrastructure cost, the same has to be borne by the beneficiary.
10. The field Engineers may be instructed to ensure proper supply of water to the general public while giving this water supply connection to the beneficiary.
11. Necessary MOU should be entered between the beneficiary and the Executive Engineer concerned.

The Board in its 477th Board meeting Resolution No.22 (Table Agenda) / dated 26.06.2018, resolved as follows,

Ramakrishna Mission Vidyalaya, Periyanaickanpalayam is supplied with 50 KLD of water at the revised tariff of Rs 10/ KL for 20 KLD in the orphanage rate and at the tariff of Rs 30/ KL for the balance quantity above 20 KLD from 07.09.2009 as per the instructions vide MD/ TWAD/ Lr No : 280809/ AE I / O &M/ 2009/ Dated 09.09.2009.

The balance Industrial allocation quantity available is **0.5675 MLD** out of the total Industrial allocation quantity of **13.418 MLD** in CWSS to CLPRA with Pillur reservoir as source in Coimbatore District. The **Chief Engineer, Coimbatore** has also recommended this proposal and the expected revenue would be around **Rs. 36.61 Lakh per year** due to provision of this connection.

Hence the Board after careful consideration, **RESOLVED to accord approval** of the proposal of the Chief Engineer, Coimbatore for providing 50 KLD of water in addition to the already allotted 50 KLD to Ramakrishna Mission Vidyalaya, Periyanaickanpalayam, from the available industrial balance quantity of 0.5675 MLD in CWSS to CLPRA with Pillur Reservoir as Source in Coimbatore District at the revised tariff of Rs 30/ KL for 20 KLD in the orphanage rate and at the tariff of Rs 125/ KL for the balance quantity of 80 KLD in the private educational institution rate as per B.P.Ms.No 88/ dt 8.11.2017 subject to the stipulated conditions and to permit the Chief Engineer, Coimbatore, to take up this work as deposit work.

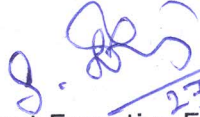

Accordingly, the Board accords approval for the proposal of the Chief Engineer, Coimbatore for providing 50 KLD of water in addition to the already allotted 50 KLD to Ramakrishna Mission Vidyalaya, Periyanaickanpalayam, from the available industrial balance quantity of 0.5675 MLD in CWSS to CLPRA with Pillur Reservoir as Source in Coimbatore District at the revised tariff of Rs 30/ KL for 20 KLD in the orphanage rate and at the tariff of Rs 125/ KL for the balance quantity of

80 KLD in the Private Educational institution rate as per B.P.Ms.No 88 / dt 8.11.2017 subject to the stipulated conditions and to permit the Chief Engineer, Coimbatore, to take up this work as deposit work.
