**Read :**

**Board Resolution No.4(Table Agenda)/dated:26.06.2018**

#### **ORDER:**

The Chairman M/s.Sakthi Coffee Estates Pvt Ltd ,Vadugapalayam ,Pollachi has requested requested 5,000 Litres of water per day to their Coffee Estates Vadugapalayam, Pollachi , Coimbatore Dist.

In this connection the Chief Engineer, Coimbatore has submitted feasibility report.

M/s.Sakthi Coffee Estates Pvt Ltd ,Vadugapalayam ,Pollachi, is situated along Pollachi - Vadugapalayam road.

It is proposed to provide 5,000 litres of water to this beneficiary from the nearest sump of 4.00 Lakh liter capacity Sump at Vadugapalayam Booster Station under CWSS to Suleeswaranpatti and 64 in Pollachi South,Pollachi North and Kinathukadavu Unions Coimbatore District.

The firm has agreed to Water tariff at Rs.150.00/KL and to pay the installation cost, 6 months advance water charges and 6 months caution deposit vide their consent letter Dated 21.05.18.

The Principal Secretary, M.A & W.S Department instructed to take immediate action to identify beneficiaries for utilizing the above unutilized quantity in order to reduce the O & M gap expenditure in each schemes.

The Chief Engineer, Coimbatore has also certified that the tail end habitations will not get affected due to provision of these private connections.

Based on the request of the M/s.Sakthi Coffee Estates Pvt Ltd , Vadugapalayam , Pollachi & consent letter submitted and as recommended by the Chief Engineer Coimbatore, the proposal for providing water supply 5,000 litres/day to the M/s.Sakthi Coffee Estates Pvt Ltd ,Vadugapalayam ,Pollachi from Vadugapalayam Booster station under CWSS to Suleeswaranpatti and 64 rural habitations in Pollachi South,Pollachi North and Kinathukadavu Unions Coimbatore District at a tariff of Rs.150.00/KL was placed before the Board for according approval and to permit the Chief Engineer to take up this work as deposit work with the following conditions.

1. It should be ensured that no extra quantity of water over and above the allotted quantity is supplied/ drawn from the CWSS.
2. The beneficiary should utilize the entire allotted quantity of water. If the usage of water is less than the allotted quantity for a continuous period of 6 months then the allotment will be reduced to average of used quantity. Further, the beneficiary cannot claim the entire quantity originally allotted in future. If TWAD Board has failed to supply the allotted quantity due to various reasons, then DCB will be raised for the actual supplied quantity.
3. If the beneficiary draws water more than the allotted quantity, the tariff will be four times the existing water tariff for extra drawl quantity.
4. Digital Water meter with telemetry facility should be fixed. The demand should be raised as per water meter reading. If water meter is not working, it should be got repaired by the consumer immediately or else the water supply connection will be disconnected immediately.
5. As and when the water charges are revised, the consumer should pay revised water charges.
6. The field officers should get necessary concurrence from the beneficiary to deposit the caution deposit, advance water charges and the cost towards interconnection works. The beneficiary should remit the advance water charges, caution deposit and the cost towards inter connection works within three months of approval as per TWAD Board Rules in force. The

interconnection work will be undertaken only after deposit of the full amount to Board.

7. If the beneficiary fails to pay the advance water charges, caution deposit and the cost towards inter connection works within 3 months, a grace period of 30 days will be permitted to pay the said amount to TWAD Board, failing which the sanction of allotment order stands cancelled. Further, the beneficiary cannot claim/apply for water supply connection to the TWAD Board.
8. In any case, if the water supply connection could not be implemented for the reasons beyond the control of TWAD Board, TWAD Board will not be responsible for any loss to the beneficiary/consumer.
9. If there is any increase in the infrastructure cost, the same has to be borne by the beneficiary.
10. The field Engineers may be instructed to ensure proper supply of water to the general public while giving this water supply connection to the beneficiary.
11. Necessary MOU should be entered between the beneficiary and the Executive Engineer concerned.

**The Board in its Resolution No.4(Table Agenda)/dated 26.06.2018 has resolved as follows.**

The unutilized quantity available is **0.30 MLD** which was originally allocated and not utilised by PWD quarters of Aliyar Project in CWSS to Suleeswaranpatti and 64 habitations in Pollachi South, Pollachi North and Kinathukadavu Unions of Coimbatore District. The **Chief Engineer, Coimbatore** has also recommended this proposal and the expected revenue would be around **Rs. 2.43 Lakh per year** due to provision of this connection.

Hence the Board after careful consideration, **RESOLVED to accord approval** of the proposal of the Chief Engineer, Coimbatore for providing water supply connection to supply 5,000 litres of water per day to M/s.Sakthi Coffee Estates Pvt Ltd ,Vadugapalayam , Pollachi from the unutilized quantity available in CWSS to Suleeswaranpatti and 64 habitations in Pollachi South, Pollachi North and Kinathukadavu Unions of Coimbatore District @ the water tariff of Rs.150.00/ KL, subject to the stipulated conditions and to permit the Chief Engineer, Coimbatore, to take up this work as a deposit work.

Accordingly the Board approved the proposal of the Chief Engineer, Coimbatore for providing water supply connection to supply 5,000 litres of water per day to M/s.Sakthi Coffee Estates Pvt Ltd ,Vadugapalayam , Pollachi from the unutilized quantity available in CWSS to Suleeswaranpatti and 64 habitations in

4/4

Pollachi South, Pollachi North and Kinathukadavu Unions of Coimbatore District @ the water tariff of Rs.150.00/ KL, subject to the stipulated conditions and to permit the Chief Engineer, Coimbatore, to take up this work as a deposit work.
