Dated 13.11.2002

Read:

Board's Resolution No. 2.7 Dt. 23.10.2002

ORDER:

A Proposal for consideration of Waiver of Petty Supervision Charges, Unforeseen Expenditure and Centage Charges for Drilling of Alternate Borewell by TWAD Board as Deposit Work under Drought Relief Works 2002-2003 for Thandalai CWSS in Pudukottai District maintained by TWAD, was furnished by the District Collector, Pudukottai vide his Lr.No. RC A4/394/2002/Dt. 12.8.2002.

Thandalai CWSS in Manamelkudi union of Pudukottai District is one of the CWSS maintained by TWAD Board.

The Executive Engineer, Maintenance Division, Pudukottai had forwarded a proposal to the Collector of Pudukottai District for providing deep bore well as an alternate to the failed borewell for Thandalai CWSS in Pudukottai District seeking Collector's approval under Drought Relief Programme 2002-2003, as a deposit work. The estimate submitted by the Executive Engineer, Maintenance Division, Pudukottai at a total cost of Rs.5.00 lakhs envisaged the following provisions towards the execution of the afore said work by TWAD.

1. Drilling of new bore well to a depth of 330m to Thandalai CWSS in Manamelgudi Union	:Rs.4,01,500/-
2. Petty Supervision charges at 2.5%	:Rs. 10,083/-
3. Unforeseen expenditure at 2.5%	:Rs. 10,043/-
4. Centage 18.5%	:Rs. 78,059/-
Total	----- :Rs.5,00,000/- -----

In this context, the District Collector, Pudukottai has informed vide letter No. RC A4/394/2002 dt.12.8.2002 that the District Administration has given Administrative Sanction only for the cost of drilling of new bore well amounting to Rs.4,01,500/- and requested for waiver of petty supervision charges at 2.5%, unforeseen expenditure at 2.5% and centage charges at 18.5% towards the execution of above work by TWAD, since the scheme is maintained by TWAD.

Normally, the alternative bore well for failed sources for the CWSS maintained by TWAD Board is to be executed by TWAD Board in its own funds. But now the Collector, Pudukotai District has sanctioned the actual cost of bore well (with out centage charges). This is advantagious to Board.

In the previous occasion, the Board in B.P.Ms.no.296 dt.3.8.1998 has approved that no centage charge be levied on the works taken up for execution under "Member of Parliament Local Areas Development scheme" (MPLADS) as a special case.

Hence the above subject was placed before the Board in its meeting held on 23.10.2002 for consideration of waiver of petty supervision charges, unforeseen expenditure and centage charges for drilling of alternate borewell by TWAD Board as Deposit Work under Drought Relief 2002-2003 for Thandalai CWSS in Pudukottai District maintained by TWAD Board.

The Board in its resolution 2.7 Dated 23.10.2002 have resolved after careful consideration to waive the petty supervision charges, unforeseen expenditure and Centage Charges totalling Rs. 98,185/- as requested by the District Collector, Pudukottai towards drilling of new alternative Deep borewell, as the Collector has sanctioned the actual cost of the Borewell as a Deposit work under Drought Relief 2002-2003 for Thandalai CWSS in Manamelgudi Union of Pudukottai District.

Accordingly the Board waives the Petty Supervision Charges, Unforeseen expenditure and Centage Charges totaling Rs. 98,185/- as requested by the District Collector, Pudukottai towards the drilling of new alternative Deep Borewell source TWAD Board as a Deposit work under Drought Relief 2002-2003 for Thandalai CWSS Manamelgudi Union of Pudukottai District.
