<><><><><>

In reference 2nd, 3rd, 4th cited it has been requested that Tamilnadu Water Supply and Drainage Board is maintaining the 221 Nos of CWSS in ten Southern Districts of Tamilnadu. Due to insufficient departmental maintenance crew such as Electrician, Fitters, Turn cock, Maintenance Assistant etc., the CWSS are now being maintained by maintenance personnel engaged through outsourcing. For engaging the above maintenance personnel for year 2019-20, agencies have been already fixed through tender system and contracts have been awarded for the period up to 31.3.2020.

Tenders have been invited for fixing of outsourcing agency for further period from 1.4.2020, for the 36 nos of CWSS Packages fixing last date as 26.3.2020. However due to enforcement of curfew by Government of India the above tenders have been further extended

up to 16.4.2020. But due to extension of curfew the tenders have been now further extended up to 8.5.2020, and the contractors have been requested to extend their contract validity up to finalization of the further tenders for engaging maintenance personnel through out sourcing. Now the contractors are requesting to close their contract fixed for year 2019-20 and finalise new agencies for further maintenance of CWSS for the year 2020-21. Hence it is now essential to process the tenders for fixing of outsourcing agencies for the following packages, which have been fixed on 8.5.2020.
