## III. LETTER OF APPLICATION

To be delivered to the Executive Engineer, TWAD Board at or before 3.00P.M. on 24.03.2020

To
The Executive Engineer, RWS Division, TWAD Board, Thiruvannamalai

I/We the undersigned do hereby tender and undertake to perform, provide and execute all the works, materials matters and things described or mentioned in the Work Schedule (item IV) of Tender Document and the specifications thereto (which have been produced to and carefully examined by me/us) in strict accordance with and under and subject to the terms, provisions and conditions set forth or mentioned in the said Schedule specifications therein referred to, at the rates given in the Price Schedule

I/We herewith enclose D.D/NSC./P.O No............................... dated .for having remitted Rs................... in favour of Executive Engineer, RWS Division, Thiruvannamalai, TWAD Board, as a guarantee for the due fulfillment of my/our tender, and if successful, undertake and agree to forward to the Board within fifteen days after the issue of work order by the Board of this tender has been received by me/us, the sum as demanded in the Form and manner required as security for the due fulfillment of my/our contract.

I/we undertake and agree that I/We will not withdraw this tender during the period that will be required for intimation, acceptance or non/acceptance as stipulated by the authority inviting Tender Notice or during such extended period as agreed to by me/us, such period to date from the last date by which tenders are due to be submitted to the Board and if I/We do so withdraw, I/We shall forfeit the Earnest Money Deposit to the Board.

I/We further undertake to produce the Income-tax Clearance Certificate or any other certificate found required by TWAD Board and agree to execute at my/our cost the agreement attached and to sign the documents therein referred to within 15 days after the notification of the acceptance of my/our tender has been received by me/us. In the event of my/our failing to make the Security Deposit or to execute the agreement in the said manner and sign the documents within the time specified for the purpose, the sum of Rs.25,000/- accompanying this tender as EMD shall be forfeited to the Board and this concluded contract shall in such case be considered, as having been cancelled or
terminated and you may thereupon at such time or times, in such manner and on such terms as you may think fit, arrange either departmentally or by any other person or persons to carry out the works and provide, execute and do all works, materials, matters and things described or mentioned herein and I/We agree to be liable irrespective of the forfeiture aforesaid for all damages, losses, costs, charges and expenses arising from or by reason of such failure and arrangements.

I/We undertake to assume full responsibility for the works I/ we carry out during the contract period.

I/We also undertake to do all extra or varied works which may be ordered as part of this contract upon the terms provided for in the conditions and specifications. The tenders shall be valid for a period of 90 days from the last date fixed for receipt of tenders. In case my/our tender for the work of "Out Sourcing of Operation and Maintenance of CWSS to Padavedu and 46 other Habitations in Polur Union of Tiruvannamalai District for the year 2020-21 (period from 01.04.2020 to 31.03.2021)" is accepted, I/We agree and guarantee to commence the said works within a period of seven days from the date of receipt of work order and carry out the agreed work as stipulated for a period of $\mathbf{1 2}$ Months from the date of commencement of work by me/us. I/We also agree that the performance is the essence of contract. If my/our performance is not to the best satisfaction of the TWAD officials, my/our contract shall be terminated at any point of time.

I/We have actually inspected the sites/areas of operation and maintenance assessed the nature of the work and have tendered for the works after such inspection.

## UNDERTAKING

I/We have gone through the copy of standard tender document received from the Office of the Executive Engineer, TWAD Board, RWS Division, and abide by the same for this contract also.

As witness my/our hand this.............................day of......................20---.

3.The tenderer whose tender has been accepted will be notified of the award of the contract by the Executive Engineer by registered letter.
4.The successful tenderer, if not registered with TWAD Board, shall get registered in TWAD Board.
5. Within 15 days on the receipt of the award of the contract, the contractor shall pay the security deposit as specified in the item 7 in the check list for the contractors of this tender document
6.The tender along with the SD, shall deliver a non judicial stamp paper of Rs.100/- ( Rupees one hundred only) at his cost for executing the agreement.

## Signing of agreement

1.The Executive Engineer on receipt of the SD and non judicial stamp paper, will furnish to the tenderer the Agreement incorporating all terms and conditions between the Executive Engineer and the successful Tenderer.
2.Upon furnishing the SD by the successful tenderer, the Executive Engineer will notify the other tenderers that their tenders have been unsuccessful.
3.Failure of the successful tenderer to comply with the requirements of item 4,5 \& 6 of the Award of Contract para, shall constitute a breach of contract, cause for annulment of the award, forfeiture of the EMD and any such other remedy the Executive Engineer may take under the contract.

## Amendment to the Agreement

Any amendment shall be issued by mutual consent between the Executive Engineer and the contractor only without any contrary to the tender conditions.

## Forfeiture of SD

The SD is liable to be forfeited in cases where the contractor fails to carry out the work in accordance with the terms and conditions of the contract leading to termination of the contract.

## VIII. LIST OF CETRTIFICATES

1.Certificate of Registration as contractor in TWAD Board/Govt.organisation
2.Signature of all partners/power of attorney
3.Income Tax clearance certificate.

## IX. MANDATORY DUTIES OF THE CONTRACTOR

1. To ensure that the water is supplied to each beneficiary as per the designed quantity on normal condition.
2. Must keep a copy of the relevant portions of the CPHEEO manual on Operation and Maintenance of Water Supply Systems at work site and carry out the O\&M works in accordance to the guidelines prescribed in the Manual.
3. Ensuring that adequate manpower is available round the clock to carry out the above tasks and to prevent entry of unauthorized persons.
4. Operation on specified shifts / day and ensuring that back up teams would be available to take over during Sundays, Holidays and in the event of regular Operator / Labour absence including watch and ward.
5. Attendance should be maintained by the contractor and the employees to sign it in every shift. It must be produced for verification as and when called for by the TWAD Engineers. The number of actual Labourers engaged for the maintenance of CWSS should be reported by the contractor daily to the concerned Executive Engineers.
6. The contractor has to provide decent uniform with name badge to their staff.
7. Operate and maintain equipment with skilled staff so as to safeguard the equipments against single phasing, earth fault, phase reverse etc. in power supply.
8. To maintain plant and machineries, pump room and it's premises, Pumping main and valves and Treatment Units as per the Schedule of Maintenance annexed as Annexure II.
9. The contractor shall carry out minor repairs as listed Annexure-IV
10. Operate and maintain capacitor and allied switch gear so as to maintain a power factor of not less than 0.90 prescribed by TNEB.
11. The power factor will not decrease or increase suddenly and hence the contractor should monitor daily. If any decrease in the power factor is noticed,
it should be informed to the Departmental Engineers (concerned Assistant Engineer/Assistant Executive Engineer).
12. If Genset is in the scope of contract, Test run of Genset should be carried out for a minimum of 30 minutes per week while in idle condition or as recommended by the manufacturer / directed by TWAD Engineer. The required Diesel / Lube oil will be supplied by Board and the contractor should make necessary arrangement for conveying the same. However, in case of emergency, the contractor may arrange to purchase the required Diesel / Lube oil as directed by the Engineer in charge and the related cost will be paid as per actual on production of bills.
13. Make sure that the levels in the sumps are maintained in a safe required level and to ensure that overflowing of sump does not occur.
14. Care should be taken to prevent overflow of OHT.
15. The contractor shall maintain all registers under law towards attendance, salary of the workers, log book, etc. in the name of the contractor and the same shall be maintained and signed by the contractor and the same shall be periodically checked by the field engineers or officials of the Board above the rank of the field engineer.
16. Mandatory Regulations prescribed by CEIG and Inspector of Factories shall be followed without any lapse.
17. Each station should be provided with complete set of tools and equipments required for maintenance as listed in the Annexure III.
18. To adhere to safety measures as stipulated in Annexure V.
19. To adhere to the Contract welfare Laws as applicable to this scope of contract

## - Annexure VI.

20. The bidder should furnish his local office and residential address along with Telephone Nos. email id and mobile Nos.

## X DUTIES AND RESPONSIBILITIES OF OUT SOURCING

1) He shall hold full responsibility of maintaining pump room pump sets electrical motors and valves etc. as prescribed by the Board
2) To inform minor/major/repairs immediately and should be present at site until completion works of repair
3) He shall have full responsibility for maintaining maintenance schedule such as daily, weekly and monthly programmes.
4) He shall keep safety belt, gas mask, gas monitor and First Aid box to his custody and utilize whenever requires.
5) He shall be responsible for over all cleaning and keeping the station neat and tidy
6) To approach TNEB authority when power fails in TNEB structure/Board structure and ascertain early supply resumption.
7) He shall check up Power Factor everyday and to maintain at minimum 0.90 as prescribed by TNEB.
8) In charge shall be responsible to carryout mandatory duties of contractor in the individual pumping station
9) Up keeping the equipments and installations in pumping station such as air blowing motors, control panels, gland packing, changing Engine Oil and maintenance of battery.
10) Recording Log Book for every hours and including starting/stopping time of the pump sets.
11) Check the temperature/Noise of Running units and control panel
12) Record daily shift activity in Log Book
13) General cleaning of all equipments, buildings and the yard and keeping the premises clean and tidy
14) Ensuring that staff is available round the clock to carryout out the above task and to prevent entry of unauthorized persons.
15) Provide gland packing for the pumps, sluice valve etc. whenever required to avoid leakage of water.
16) Watering of plant and tree
17) Operating of sluice valves and non-return valves
18) To go along pipe line system and check for any leak, burst and damage to the pipe to inform TWAD Engineers immediately for rectification.
19) Follow the instruction if any by the Engineers of TWAD Board

ANNEXURE II
SCHEDULE OF MAINTENANCE

| Item No. | Description of work | Daily | Weekly | Fortnightly | Monthly |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 1 | Pump House: |  |  |  |  |
| 1.1 | Cleaning of site | $\square$ |  |  |  |
| 1.2 | Cleaning of Pump House including Doors and Windows | $\square$ |  |  |  |
| 1.3 | Cleaning of Panel Room, D.G. room etc. | $\square$ |  |  |  |
| 1.4 | Check pump is operational | $\square$ |  |  |  |
| 1.5 | Change over to stand bye pumps | $\square$ |  |  |  |
| 1.6 | Record hours run | $\square$ |  |  |  |
| 1.7 | Check operation of air release pipe | $\square$ |  |  |  |
| 1.8 | Lubricating of Rolling Shutters |  |  | $\square$ |  |
| 1.9 | De-weeding of Pump Room premises and removal of cob webs etc in the Pump Room. |  |  |  | $\square$ |
| 2 | H.T.Structure, Transformer yard and Transformers: |  |  |  |  |
| 2.1 | Cleaning of transformer yard, removal of grass and plants | $\square$ |  |  |  |
| 2.2 | Check up and water the earth pits |  | $\square$ |  |  |
| 2.3 | Meggar - earth resistance check in the earth pits |  |  |  | $\square$ |
| 2.4 | Check and operate the AB switch in the structure for its smooth operation and replace contacts if necessary |  | $\square$ |  |  |
| 2.5 | Check up dropout fuses and H.G. fuses and replace if necessary | $\square$ |  |  |  |
| 2.6 | Check up insulators and lightning arrestor in the structure and replace if necessary |  |  | $\square$ |  |
| 2.7 | Check the transformer for any leakage of oil and top up if necessary |  | $\square$ |  |  |
| 2.8 | Check the temperature of transformer oil from dial thermometer and record |  | $\square$ |  |  |
| 3 | H.T. Panel: |  |  |  |  |
| 3.1 | Clean the panel externally and internally using blower | $\square$ |  |  |  |
| 3.2 | Carryout visual check of observe over all condition of the breakers and clean the breakers thoroughly | $\square$ |  |  |  |
| 3.3 | Grease/Oil joints and sliding <br> surfaces |  |  | $\square$ |  |

| Item No. | Description of work | Daily | Weekly | Fortnightly | Monthly |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 3.4 | Check the internal connections |  |  | $\square$ |  |
| 3.5 | Check the operations of doors and conditions of door gasket |  |  | $\square$ |  |
| 3.6 | Check Volt Meter, Ammeter etc. in the panel for its working and replace if necessary | $\square$ |  |  |  |
| 3.7 | Check all the indicator lamp and control fuses and replace if necessary | $\square$ |  |  |  |
| 3.8 | Check the operation of relays |  |  | $\square$ |  |
| 4 | LT Panel : |  |  |  |  |
| 4.1 | Clean the panel externally and internally using blower | $\square$ |  |  |  |
| 4.2 | Check all the connections for tightness |  |  | $\square$ |  |
| 4.3 | Check the contacts switches for tightness and apply petroleum jelly if necessary |  |  | $\square$ |  |
| 4.4 | Check Volt Meter Ammeter and respective P.T. and CTS for its working and connection | $\square$ |  |  |  |
| 4.5 | Check all the indicator lamp bulbs and fuses and replace if necessary |  | $\square$ |  |  |
| 4.6 | Check operation of all switches and bush buttons |  | $\square$ |  |  |
| 5 | CAPACITORS: |  |  |  |  |
| 5.1 | Check all the capacitors for oil leakage if any | $\square$ |  |  |  |
| 5.2 | Clean the insulator with dry cloth and check the connections for tightness |  |  | $\square$ |  |
| 5.3 | Check the fuses and meggar the units? |  |  |  |  |
| 6 | MOTORS: |  |  |  |  |
| 6.1 | Clean the motor terminal box, check the cable connection to tightness | $\square$ |  |  |  |
| 6.2 | Check body of the motor for firm connection |  |  | $\square$ |  |
| 6.3 | Check the foundation bolt and nut for tightness | $\square$ |  |  |  |
| 6.4 | Check normal sound and vibration | $\square$ |  |  |  |
| 6.5 | Check the bearing grease and replace if necessary |  |  |  | $\square$ |
| 6.6 | Check air cooling fan for vibration and noise |  |  |  | $\square$ |
| 6.7 | Check meggar test for windings and earth |  |  |  | $\square$ |

| Item No. | Description of work | Daily | Weekly | Fortnightly | Monthly |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 6.8 | Cleaning of motor slip ring, carbon brush, contacts and replace if necessary |  | $\square$ |  |  |
| 7.0 | STARTERS AND OCB |  |  |  |  |
| 7.1 | Clean the starter and check up the cable connection | $\square$ |  |  |  |
| 7.2 | Check contacts and replace if necessary |  | $\square$ |  |  |
| 7.3 | Check for cable connection |  | $\square$ |  |  |
| 7.4 | Check for OLR and No volt coil |  | $\square$ |  |  |
| 7.5 | Check the level of transformer oil in the OCB and top up if necessary |  |  | $\square$ |  |
| 8.0 | MAIN PUMPS |  |  |  |  |
| 8.1 | Outside Cleaning | $\square$ |  |  |  |
| 8.2 | Check Bearing Temperature | $\square$ |  |  |  |
| 8.3 | Check \& Top up Bearing grease or replace grease |  |  |  |  |
| 8.4 | Check gland for leak and add gland layer if required | $\square$ |  |  |  |
| 8.5 | Replace gland packing completely |  |  |  | $\square$ |
| 8.6 | Check foundation nuts and bolts for tightness and rusting |  | $\square$ |  |  |
| 8.7 | Check inspection covers and check condition of impeller |  |  |  | $\square$ |
| 8.8 | Check the pressure and pressure gauges on suction and delivery side | $\square$ |  |  |  |
| 8.9 | Clean the pump pit and pump floor | $\square$ |  |  |  |
| 8.10 | Check for coupling Bolts and nuts, coupling tyre and replace the tyre if required |  | $\square$ |  |  |
| 8.11 | Check for vibration and noise of the pump | $\square$ |  |  |  |
| 8.12 | Pump out leaked water from the pump pit | $\square$ |  |  |  |
| 8.13 | Check the condition of bearing oil and replace if required |  |  | $\square$ |  |
| 9 | SUMP PUMP |  |  |  |  |
| 9.1 | Check the pump for operation | $\square$ |  |  |  |
| 9.2 | Check the coupling and replace if necessary |  |  | $\square$ |  |

| Item No. | Description of work | Daily | Weekly | Fortnightly | Monthly |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 9.3 | Clean the starter panel externally and internally | $\square$ |  |  |  |
| 9.4 | Check the fuses and contacts, apply petroleum jelly if necessary |  | $\square$ |  |  |
| 9.5 | Check the foot valve and replace if necessary | $\square$ |  |  |  |
| 10 | Diesel Generator Set, Battery and Emergency light: |  |  |  |  |
| 10.1 | Clean the Battery, top up, distilled water in the battery if necessary | $\square$ |  |  |  |
| 10.2 | Remove the connection of battery terminals, clean thoroughly and reconnect after applying petroleum jelly |  | $\square$ |  |  |
| 10.3 | Clean the emergency lights internally and externally | $\square$ |  |  |  |
| 10.4 | Check the light, indicator lamp for its proper working and attend if necessary |  | $\square$ |  |  |
| 10.5 | Check fuel level in the diesel tank of DG set and top up if necessary |  | $\square$ |  |  |
| 10.6 | Check engine oil level in the D.G. set and add if necessary |  |  | $\square$ | $\square$ |
| 11 | OHT CRANES: |  |  |  |  |
| 11.1 | Carry out thorough cleaning of crane including girders, trolley, platform other equipments and control panels |  |  | $\square$ |  |
| 11.2 | Check all the cable connections for tightness |  | $\square$ |  |  |
| 11.3 | Check contacts and fuses and replace if necessary |  | $\square$ |  |  |
| 11.4 | Inspect gearbox for any leakage of oil |  |  |  | $\square$ |
| 11.5 | Check the connection of limit switch |  |  |  | $\square$ |
| 11.6 | Check panels internally and externally and apply petroleum jelly if required |  |  |  | $\square$ |
| 11.7 | Check the rope and apply grease if required |  |  |  | $\square$ |
| 12 | SUCTION \& DELIVERY VALVES AND ACTUATOR: |  |  |  |  |

| Item No. | Description of work | Daily | Weekly | Fortnightly | Monthly |
| :---: | :---: | :---: | :---: | :---: | :---: |
| 12.1 | Check the condition of gland packing and tighten or replace if necessary | $\square$ |  |  |  |
| 12.2 | Check actuator gear box for leakage |  | $\square$ |  |  |
| 12.3 | Check the condition of limit switches |  |  | $\square$ |  |
| 12.4 | Check the condition of oil and grease, replace if necessary |  |  | $\square$ |  |
| 12.5 | Check the bolts and nuts for tightness |  |  | $\square$ |  |
| 12.6 | Check cable terminals at motor terminal box of actuator |  |  | $\square$ |  |
| 12.7 | Check clutch and gear arrangement for manual operation |  |  |  | $\square$ |
| 12.8 | Apply grease to the spindle if necessary |  |  | $\square$ |  |
| 13 | PIPELINE: |  |  |  |  |
| 13.1 | Check the pumping main, branch pumping main, feeder main for any leak /burst /damage | $\square$ |  |  |  |
| 14.0 | VALVES: |  |  |  |  |
| 14.1 | Check the operation of non-return valve | $\square$ |  |  |  |
| 14.2 | Check the disc for its smooth opening and closing operation |  | $\square$ |  |  |
| 14.3 | Check the sluice valves | $\square$ |  |  |  |
| 14.4 | Check the air valves | $\square$ |  |  |  |
| 14.5 | Check the scour valves |  |  |  | $\square$ |
| 15 | SUMP: |  |  |  |  |
| 15.1 | Check the cleaning |  |  |  | $\square$ |

## ANNEXURE III EQUIPMENTS AND TOOLS TO BE MADE AVAILABLE AT EACH PUMPING STATION

| SI. <br> No. | Description | Set/no. |
| :---: | :---: | :---: |
| 1 | Double end spanner (6mm to 32 mm ) | 1 set |
| 2 | Screw driver (6", 8", 12") | 1 set |
| 3 | Pipe wrench (14", 18", 24") | 1 set |
| 4 | Cutting pliers | 1 set |
| 5 | Long nose pliers | 1 no. |
| 6 | Hammer (2 Kgs) | 1 no. |
| 7 | Test lamp with 15m wire | 1 no. |
| 8 | Megger (1000 V) | 1 no. |
| 9 | Multimeter | 1 no. |
| 10 | Tong tester | 1 no. |
| 11 | Hacksaw frame with 3 nos. blade | 1 no. |
| 12 | Spade (Manwetty) | 2 nos. |
| 13 | Crow bar | 1 no. |
| 14 | Sickles | 2 nos. |
| 15 | Ring spanner (6mm to 32mm) | 1 set |
| 16 | Caution Board (Men at work) | 1 no. |
| 17 | Grass cutter | 1 no. |
| 18 | Country knife | 2 nos. |
| 19 | Iron chutty | 2 nos. |
| 20 | Grease gun | 1 no. |
| 21 | Wheel barrow | 1 nos. |
| 22 | Torch light with 3 cells | 2 nos. |
| 23 | Hand blower | 1 nos. |

## ANNEXURE IV

## LIST OF MINOR REPAIRS TO BE ATTENDED

Minor repairs noticed in the maintenance of scheme should be reported to the $A E / A E E$ in charge of the CWSS without any time lapse. The rectification works have to be carried out immediately as per the direction of the AE/AEE. Necessary entry for the repairs carried out has to be made in the Log Book concerned.

## Electrical Works

1. Replacement of H.G. Fuses
2. Replacement of jumpers
3. Replacement of insulator (porcelein) - one phase
4. Replacement of $A-B$ switch - one phase
5. Replacement of no-volt coil for A.C.B. and O.C.B.
6. Replacement of jumper with socket inside the panel
7. Replacement of cable lugs including terminations
8. Replacement of burnt-out H.R.C. fuses
9. Replacement of moving and fixed contacts or contactors Repairs to isolators

## Pumpsets

1. Replacement of coupling bolt \& nuts including rubber bushes
2. Replacement of worn-out impeller nut
3. Replacement of spindle nut in the sluice valve
4. Replacement of terminal plate in the motor
5. Replacement of carbon brushes and brush holder

## Valves

1.Replacement of spindle nut in sluice valves
2. Replacement of glands in valves
3. Replacement of ball in air valves

## DG Set

1. Replacement of burnt-out spares in the battery charger of D.G.

## ANNEXURE VI

## CONTRACT LABOUR WELFARE

The rights and benefits conferred on the workmen employed by the contractor under the provisions of various Labour Laws are the responsibility of the contractor. The contractor has to indemnify the TWAD Board in case of loss or any damages. It is the responsibility of the contractor to take insurance policy under Workmen's Compensation Act, 1923 for each labour engaged by the contractor. The contractor will be responsible for any deficiency of safety measures to be adhered as stipulated in Annexure V. A photocopy of the insurance under workmen's compensation Policy should be furnished to the Board. The policies should be kept alive till completion of the contract.

The contractor shall adhere to following Laws wherever applicable
a) Workmen Compensation Act, 1923
b) Payment of Wages Act, 1936
c) Industrial Disputes Act, 1947
d) Minimum Wages Act, 1948
e) Factories Act, 1948
f) Employees PF and Miscellaneous Act, 1952
g) Payment of Bonus Act, 1965
h) Payment of Gratuity Act, 1972
i) Equal Remuneration Act, 1979
j) Maternity Benefit Act 1951
k) Contract Labour (Regulation \& Abolition) Act 1970
I) Industrial Employment (Standing Orders) Act 1946

n) Child Labour (Prohibition \& Regulation) Act 1986
o) Inter-State Migrant workmen's (Regulation of Employment \& Conditions of Service) Act 1979
p) The Building and Other Construction workers (Regulation of Employment and Conditions of Service) Act 1996 and the Cess Act of 1996.
q) Employee State Insurance Act, 1948
r) The Tamil Nadu Manual Workers (Regulation of Employment and Conditions of Work) Act, 1982.
s) The Bonded Labour System (Abolition) Act, 1976
t) The Employer's Liability Act, 1938

## ANNEXURE VII

## PENALTY FOR NON-COMPLIANCE TO SCHEDULE OF WORK / MANDATORY DUTIES

If the contractor fails to carry out any work or part of work/mandatory duties, the Board shall have the power to carry out such parts of work departmentally and recover such amount including $10 \%$ as the supervision charges from the progressive bills.

If the absentees of total labour are less than 20\% man days, recovery to be made at 1.5 times of labour rate (as per TWAD SOR of the current year for respective category) for first week and at 2 times for the second to fourth week. If the absenteeism continued beyond fourth week and also absenteeism is more than $20 \%$ action to be initiated for termination of labour contract by giving prior notice.

## ANNEXURE VIII <br> ROLE OF TWAD BOARD

1. A joint inspection will be had by TWAD Board with the contractor or his representative before handing over of the CWSS for maintenance.
2. The Executive Engineer to furnish the salient details and flow diagram of the CWSS to the contractor along with the list of habitations covered under the scope of this CWSS and the earmarked supply to them
3. To check the number of employees engaged by the contractor as per agreement.

The Executive Engineer should get from the contractor daily report on the labourers engaged by him for maintenance of the CWSS and in turn, should report the numbers to the TWAD Board Head Office daily after due verification.
4. The Executive Engineers shall inspect/check the salary register maintained by the contractor on or before $10^{\text {th }}$ day of every succeeding month for which the salary is paid, to verify whether the workmen of the contractor are paid statutory wages due to the labour.
5. If the contractor fails to make any payments that may be due to their workmen/ labour and as a consequence, the principal employer, the Board is called upon as required to pay the same the said payment shall be recovered from the contractor from his dues, monthly running bills or otherwise or from his assets as may be decided by the Executive Engineer.
6. The breach of any of the terms of the agreement shall entitle the Board to terminate the contract immediately without any notice, as also withholding of the dues payable to the contractor and the security deposit by the contractor till the amounts due to the Board are recovered. In addition to this, the field officers/Assistant Accounts Officers/Executive Engineers should ensure that all the statutory requirements as per the license issued by the competent authority and all the requirements of the Contract Labour (Regulation \& Abolition) Act have been complied with by the contractor and a certificate to that effect maybe directed to be incorporated by the concerned officer along with the running bills of the contractor when the bill is sent for passing/sanction before the competent authority. This is the only way to secure compliance of the terms of the contract labour (Regulation \& Abolition) Act and the license issued there under by the competent authority, by fixing responsibility for the verification thereof on the concerned officers of the Board.
7. TWAD Engineers shall closely monitor the Power Factor. If variation is noticed, suitable direction has to be given to the contractor to improve the Power Factor.
8. Power consumption charges will be paid by TWAD Board.
9. TWAD Board will arrange to provide the Telephone connection in the premises wherever found necessary and the entire telephone charges including the rent shall be paid by TWAD Board.
10. To conduct regular inspection to ascertain the effective functioning of system through Engineers of TWAD Board.
11. Payment will be processed on monthly basis on receipt of bills from the contractor by following Board's procedures.
12. The spares, grease, waste, glands for valves and fuse wires will be provided by the department.
13. If Diesel Generator (DG) set is maintained, supply of Diesel and Engine Oil etc. for DG set will be made available by TWAD Board.

## ANNEXURE IX <br> PAYMENT

Payment will be processed and paid to the contractor on monthly basis by following Board's procedures.

The Executive Engineer on behalf of the Board shall recover any amount due from the contractor to the Board from monthly running bills of the contractor before effecting payment of his dues.

Any losses or damages to the properties of TWAD Board caused either due to slackness on the part of the contractor or his employees or due to improper operation of the system will be recovered from the contractor's bill of the subsequent month.

If the contractor fails to effect supply of the designed quantity to the habitations under the scope of this contract, unless and otherwise the cause is due to insufficient yield in sources, Power Supply, any natural calamity or any other reasons genuinely acceptable to the Executive Engineer, recovery will be made from the bill proportionate to the short supply against the earmarked supply.

Payment for the value of work completed in a satisfactory manner as per agreement will be paid. However, 5\% (Five percent) of the value of work completed as per agreement will be withheld in every part payment. The 5\% (five) of bill amount already withheld in the part bills will be released in the final bill and $2.5 \%$ (two and half) of the amount towards additional Security will be recovered in the final bill.

The above 2.5\% amount towards additional Security deposit recovered in the final bill will be released after completing Six (6) months from the date of completion of work.

## PAYMENT SCHEDULE

$20 \%$ of the BOQ /Agt. value on pumping of the Earmarked quantity + Transmission loss at Head works / Treatment Plant.
$20 \%$ of the BOQ / Agt. value on Production of the evidence for having engaged the required number of labourers. Failing which the payment will be made only for the labours engaged actually.
$20 \%$ of the payment on ensuring supply of Earmarked quantity for the initial reach beneficiaries fixed by the concerned Executive Engineer for the particular scheme.
$20 \%$ of the payment on ensuring supply of Earmarked quantity for the intermediate reach beneficiaries fixed by the concerned Executive Engineer for the particular scheme.
$20 \%$ of the payment on ensuring supply of Earmarked quantity for the tail end beneficiaries fixed by the concerned Executive Engineer for the particular scheme.

In case ascertaining any short supply by the field Engineers in quantity of supply to be made to the beneficiaries, then $90 \%$ of the payment only will be made proportionately (Initial, Intermediate \& Tail end reaches as finalized by the Executive Engineers of the concerned scheme / Package ) as below.

| Bill claim amount for supply based <br> Portion of BOQ / Agt. | $=$$90 \% \times$(BOQ / Agt. Value for the <br> reaches concerned ) $\times$ (Served qty in KL / <br> Earmarked qty in KL ) |
| :---: | :---: | :---: |

Initially ESI, at 3.25 \%, EPF at 13.16 \% will be with hold and the same will be processed against the proof of evidence.

The contractor should abide by all the rules and regulations as stipulated in the labour laws in India.

## Income tax recovery:

During the course of the contract period, deduction of income tax shall be made at the prevailing rates from every payment as may be specified by the Income Tax Department

## ANNEXURE X <br> SPECIAL CONDITIONS

Any problem in the motor and pumps, electrical main boards and fixtures, leaks and burst if any occurred in the pipe line, leaks and repairs in valves and any other damages caused to the water supply system should be brought to the notice of the Asst. Engr./ Asst. Exe. Engr., immediately and initiate action for the restoration of water supply. Necessary entry should be made in the register.

7 Any alternation/additions if needed to the existing arrangements, both in electrical and mechanical installations should be attended only after proper approval from the Executive Engineer.

8 Any public representatives (Panchayat President, Union Chairman, District Chairman, M.L.A , M.P or any other socially responsible approaches in connection with water supply problems they should be treated courteously and proper reply should be given.
9 No advance payment will be made.
10 Employment of child labour is forbidden
11 If the employees sustain any injury while on duty due to accidents, no compensation will be paid by the TWAD Board.
12 The contractors shall be fully responsible for operating and maintaining the scheme in a safe \& secure manner.
13 The consumables required for this scheme will be supplied by the Department every month free of cost and acknowledgement to be given to TWAD Board Officers by the

Contractor.
14 In respect of leaks in PSC/AC/CI and PVC pipes earth work excavation will be carried out departmentally. The Contractor has to extend all the required co-operation for the leak rectification works.

15 The contractor should ensure designed quantity of supply to all the beneficiaries. Contractor should maintain register showing the quantity of water delivered to each panchayat, duly signed by a responsible person of the local body concerned.
Subletting of contract:
Transfer of the contract is not permissible on any ground. However, the supplier/ contractor shall sublet any portion of the contract only with the written consent of the Engineer in charge. It should be clearly understood that any subletting shall in no way absolve the contractor of its/ his responsibilities and obligations under this contract.

17 Recovery of money payable to the TWAD Board:
All losses, costs, damages and expenses and other money payable to the Board by the contractor under any stipulation in the contract, may be retained out of any money due or which may subsequently become due from the Board to the contractor under any contract or otherwise howsoever and in case such money then due or to become due to the contractor by the Board shall be insufficient to pay such losses, costs, damages, and other money payable to the Board by the contractor, it shall be lawful for the Engineer in charge without any further consent on the part of the contractor, to sell or dispose of any or all the government promissory notes for the securities deposited in the Board by the contractor as aforesaid and with and out of the proceeds of such sale, after payment of all expenses connected therewith or reimburse and pay to the Board all such losses, cost, damages and expenses and other money payable to the contractor. And in case such proceeds of sale of the said government promissory notes or securities shall be insufficient for such purpose then and in that case it shall be lawful for the Board to recover the residue thereof if necessary by legal proceedings and or by resorting to revenue recovery act against the contractor.
18. As per provision of the Contract Labour (Regulation and Abolition) Act 1970, (hereinafter referred to as the said act) Section 7 provides that the principal employer employing 20 or more contract labour as well as any contractor employing 20 or more workman shall mandatorily register themselves as principal employer and the contractor shall secure a license under the said Act.
19. The Executive Engineer concerned or any other official who is in charge of maintenance of Water Supply Schemes, as the case may be, be directed to ensure that both the Board and the contractor are registered under the Act aforesaid.

The following clauses need to be added to the Tender / Agreement.
20. The agreement between the parties shall be for a period of 1 year, provided the contractor has in his possession a valid licence under the Contract Labour (Regulation and Abolition) Act.
21. If the contractor does not have a valid licence under the Act as aforesaid, then the agreement between the parties shall be terminated by the Board without any intimation or notice.
22. At the time of signing of the agreement between the parties, the contractor shall possess a valid license under the Provisions of the Contract Labour (Regulation and Abolition) Act 1970 giving details of the work for which the contract labour is allowed to be supplied, details of the period of license and the number of labours allowed to be supplied by the contractor.
23. If, at the time of signing of the agreement, the contractor is unable to produce a valid license under the Contract Labour Act as aforesaid, he shall be deemed to be not eligible for the award of the contract and the contract shall be awarded to the next eligible tenderer.
24. It is expressly understood between the parties that the labour supplied by the contractor are the workman of the contractor and the Board has neither any privacy of contract nor any employer-employee relation with them.
25. The contractor shall obey all the provisions of various laws including Labour Laws as applicable to them. If the Board suffer any consequences of whatsoever nature, monetary or otherwise, as a result of direct or indirect action or inaction of the contractor in failing to comply with or not properly complying with any law, rules, regulations, notifications, instructions, circulars, G.Os, Board Proceedings, etc. issued by the Government or Board or any other authority as applicable to them as mandated by the law or otherwise, they said laws shall be computed in terms of money and recovered from the contractor.
26. The contractor shall pay statutory minimum wages to the workmen deployed to the Board.
27. The Principle Employer and the contractor will follow all the provisions of the Contract Labour (Regulation and Abolition) Act 1970 and the Tamilnadu Contract Labour (Regulation and Abolition) Rules 1975.
28. During the course of contract period, if service tax to be paid to the Govt. by the Contractor, the same will be paid by TWAD Board on production of relevant records
